

## Krabi, Thailand

*More Than You Expect*

**General Information:** Krabi is renowned for its stunning scenery, beaches, and stunning islands. Its coral reefs are also among the most beautiful in the world, making it an excellent spot for snorkeling. With a wealth of attractions, including hot springs, wildlife sanctuaries, sea caves, and abundant coral reefs, Krabi's charm lies in its scattered limestone mountains, creating striking landscapes and cliffs that attract climbers from around the world. It also hosts numerous national parks, including Koh Phi Phi and Koh Lanta. It's no surprise that film crews from around the world have chosen Krabi as their filming location for films like **James Bond 007 The Man with the Golden Gun 1974**, **Fast & Furious 9** and **Jurassic World 2025**.

**For birding & bird photography,** Krabi is another important destination in southern Thailand. Start your birding in the mangrove forests in front of Krabi Town. A concrete bridge winds through the forest alongside the Krabi River. You'll have the chance to see a variety of tropical birds, including the Brown-winged, Collared, Ruddy, White-throated Kingfisher, Asian Koel, Greater Coucal, Greater Racket-tailed Drongo, Green-billed Malkoha, Brahminy Kite and more.

There are also several species of Shore birds, Herons and Egrets, particularly Nordmann's Greenshank, Chinese Egret, Great Crested Tern(all very rare). Another highlight is the chance to see the White-bellied Sea Eagle circling nearby over the water, although this is rare or only occurs during certain seasons. The best way to see birds in the mangrove forests is by longtail boat, led by **Mr.Dieo** a Thai Muslim guide living on the island in the middle(Ko Klang), He is Krabi's only guide who offers birdwatching and photography. Although he doesn't speak English well, he understands the needs of all his international clients.

**Facilities** On this bird watching tour have a lot of Thai & European restaurants and grocery store.

**Telephone signal** 5G network of AIS, True is good service.

## **TOUR ITINERARY**

- Tour Start & End** : Krabi town  
**Level** : Easy walk  
**Hope to See** : 35 - 45 specie (+- 5)  
**Local Guide** : Mr.Dieo (cp. +6689-971-5888)

### **A Half Day Tour**

**06:00 am. Local guide Dieo** will be waiting for you at the **Chao Fah Pier** in front of Krabi Town.

Within minutes of leaving the dock, your guide will begin showing you how to observe or photograph kingfishers perched on the mangrove trees along the river. Bird photography on a boat can be challenging compared to walking on land, requiring the skill of the guide and boat driver. They'll stop the boat, rev the engine, and move forward and backward at regular intervals. Bird photography requires agility, requiring quick focus adjustments before the birds take flight. Your guide and boat driver will guide you through the mangrove forest for about 2 to 3 hours.

Then Dieo take you to [Ko Klang island](#) (the location is opposite Krabi town) for birding and touch experience the Muslim culture living on this island. Here there is a large rice field that grows a special type of rice only once a year in the rainy season. this area is rich in forest. The grassland and semi forest garden has a variety of birds for you to see. The special birds here include: Watercock, Javan Myna, Javan Pond-heron, Blue-throated Bee-eater(best on May), Lineated Barbet and more.

The vehicle used on the island in the middle is the a seat-side motorbike (photo) or tuk-tuk to drive along the small roads on the island.

**Wild Life** : Long-tailed Macaque, Variable Squirrel, Water Monitor, etc.

**11:00 am.** Taxi driver pick you up at the Chao Fah pier and drop you at hotel.

**Meal : None**

### **A Full Day Tour :**

After lunch by your own on Ko Klang or Krabi town, Dieo and taxi driver will bring you to [Thapom Khlong Song Nam](#) far away from Krabi only 30 min. Tha Pom Canal has its source of water from the swamp forest on Khao Chong Phra Kaew. The destination of the water in the canal will flow out into the Andaman Sea. It is a canal that has special characteristics. When the sea rises The water in the canal is brackish and quite cloudy in color. But when the sea level drops The water in the canal is fresh water and has a beautiful clear blue-green color. For this reason it is called Khlong Song Nam (two types of water) Above the surface of Khlong Tha Pom, there is a nature study walkway with a 700 meter long wooden bridge. On both sides are rainforest, swamp forest, and mangrove forest. We come here for watching [Copper-throated Sunbird](#).

**NOTE** : Low Tide is the best time to see & get photo of Mangrove Pitta.

**17:00 pm.** Transfer back to your hotel only in Krabi town.

**Meal : None**
